CREATE THE LIFE YOU WANT
TO WAKE UP TO

Explore the Wattle Grove Difference

WHEN THE HOUSE GETS TOO BIG AND LONELY, WHAT'S THE NEXT STEP?

Simplifying life with the right sized home and adding wonderful facilities with a great social life sounds great, but apartments and retirement villages often have token facilities or high exit fees, and let's face it, I'm not ready to be an oldie!

Providence Lifestyle Resorts offer gated communities with beautiful homes and streetscapes, wonderful facilities, reduced energy costs, and no exit fees! So now people have a real option to feel excited about life again, to live and play again, or lock and leave whenever they want, and not worry about what's next on the social calendar.

THE WATTLE GROVE DIFFERENCE

- The Wattle Grove Lifestyle Resort is not too small and not too big and is being developed by one of the most experienced lifestyle resort developers in Australia.
- Each home features high-specification fittings, modern appliances, solar panels, a battery pack, and landscaping - carefully selected for their superior quality and contemporary design, setting a new standard of living.
- No Entry or Exit Fees and no stamp duty saving you thousands.
- One of the first solar communities offering free renewable energy up to 8 kW per day. Beyond this threshold, additional energy usage is available at an affordable rate.
- Totally masterplanned before homes are sold to dramatically improve streetscape appeal and limit delays.
- Just a short drive from countless shops, wineries, and many other leisure activities.
- Security of a gated community creates wonderful peace of mind.
- Community of like-minded people makes making friends easy and all activities much more enjoyable.
- Facilities that you'll be proud to show and share with your friends and family when they visit.

ARCHITECTURALLY DESIGNED HOMES

The architecturally designed homes are built on independent housing lots, with no common walls. Bringing together the finest materials, all are constructed with reinforced concrete pads, strong steel frames, fibre cement walls, and Colorbond roofing.

As you would expect from these high-quality offerings, they also have excellent sound proofing, insulation, and comply with the new bushfire ratings. Everything has been thought of for you, so that you can enjoy a safe, comfortable, and relaxing environment to call home.

WHY WATTLE GROVE LIFESTYLE RESORT?

Our residential resort is the epitome of luxury, raising your lifestyle to new heights. From the quality and affordability of your beautiful boutique home, to the smorgasbord of unparalleled amenities and ever-growing sense of community, life at the new Wattle Grove Resort is rich and rewarding.

- Limited to adults with no dependent kids.
- Amazing facilities available all year-round within the Resort promoting social, active, and healthy living.
- Significantly lower weekly living costs.
- Access to Centrelink rebate.
- No requirement to contribute to capital improvement levies.
- Each home is on its own fenced lot with private gardens and entertaining area.
- Pet friendly (yes, we welcome your furry friends as well).
- Have we said no entry and exit fees, no stamp duty and no rates and taxes?
